Re: Transfer of Notice of Intention, Small Mining Operations, from Robert Steele/J. W. Dansie to Geneva Rock Products, Inc., Levan Gypsum Project, S/023/016, Juab County, Utah

Dear Mr. Schellenberg:

On April 28, 2000, we received the completed Transfer of Notice of Intention of Small Mining Operations to transfer the small mining project located in the SE1/4 and the SW1/4 of Section 33, T14S, R1E, Juab County, Utah from Robert Steele and J. W. Dansie to Geneva Rock Products, Inc.

The Division Director signed and executed the transfer document on May 19, 2000 *which effectively transfers the responsibility of the mining operation and reclamation obligations for the Levan Gypsum site to Geneva Rock Products, Inc.* A copy of the signed and executed transfer form is enclosed for your files.

By copy of this letter the Division hereby officially releases Robert Steele & J. W. Dansie from any further reclamation responsibilities at this site. Thank you for your help in finalizing this transaction.

As you are aware, this site has exceeded the five acre limitation allowed for a small mining permit. We are presently working with your company to obtain an accurate surface disturbance map, an approved reclamation plan, and a reclamation surety. We hope this can be accomplished in the very near future, while allowing you to continue to operate within a restricted and staked area in the meantime.

If you have any questions regarding this letter, please contact me at (801) 538-5286. Best of luck with your new mining venture.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
